

Coffee Ethic - a social enterprise supporting substance misuse charity Druglink - offers freshly roasted fair trade and organic coffee for great prices. You can buy your coffee as beans or already ground, and we've made sure our ground coffee is suitable for coffee cones, cafetieres and filter machines.

We don't keep coffee in stock, all orders are sent directly to our roasters (so it might take a day or so to send out to you) but it will be fresh and rich with flavour. To order, simply choose from the list below and complete the order form on the reverse of this page. You can order at one of our coffee carts, via post, by email to [info@coffeethic.co.uk](mailto:info@coffeethic.co.uk), or over the phone at 01923 260733. Please call us for any orders over 1kg.
